

Becht HF Alkylation Summit

September 24-26, 2024
Orlando, Florida

We are excited to invite you to the Becht HF Alkylation Summit at the gorgeous Omni Orlando at Championsgate! The event will feature legends from HF Alkylation, and their combined decades of experience safely operating and maintaining units. We will host an audience participation Q&A that will focus on how to analyze specific situations, Expert-led panels providing different experiences, intriguing lectures, breakout sessions allowing open discussion and the opportunity to network and learn from global colleagues. Our Keynote will address the EPA's new RMP ruling and compliance challenges.

To submit a question or topic to be considered, please email Larry Shoemaker: lshoemaker@becht.com.

Our 2 ½ day agenda will include:

- Understanding QRA Results
