

ASSOCIATION OF OIL, GAS
AND RENEWABLE ENERGY
COMPANIES OF LATIN AMERICA
AND THE CARIBBEAN

We are driving the transformation of the O&G sector, to enable energy transitions in our region

VISION

To be a regional reference in strengthening the industry as a provider of sustainable energy that contributes to the energy transition.

MISSION

To promote the integration, operational excellence and sustainable development of the oil, gas and renewable energy industry in the region, through cooperation among members and collaboration with its main stakeholders.

Value Proposition

1. We provide a forum for the exchange of knowledge and experiences

on operational and management issues among our member companies. We offer assistance to our partners to solve specific problems through various means, in addition to developing a comprehensive training program tailored to their needs.

2. We have direct relationships with governments

in the Region and are recognized as the only organization for the development of the oil and gas industry in Latin America and the Caribbean. Over the years, we have established a solid collaboration scheme with Hydrocarbon Agencies and with OLADE.

Value Proposition

3. We are the only regional link between international and national business associations.

Furthermore, we coordinate a **collaborative international network** of specialized professional and industry associations.

4. We drive and support our partners' initiatives in adapting to the new business scenario related to energy transitions.

1. Forum for the exchange of knowledge
