

# ARPEL Leadership Program

3rd. edition

**Empowering the vision  
of the Regional Leaders  
from the Gas & Oil Industry**

## Module 1

### Global Factors and their Effect in the Upstream Sector in Latin America

**Bucaramanga, Colombia**

Technical visit to the Colombian Oil  
Institute (ECOPETROL)

**May 30 – June 1, 2023**

## Module 2

### The Role of Refining in the Scenario of the Energy Transition and Energy Security

**Houston, USA**

Technical visit to the refinery

**September 2023**

## Module 3

### Gas and Renewable Energies. Their Role as Energy Fuels in an Increasingly Decarbonized World

**Monterrey, México**

Technical visit to gas facility and  
renewable energy project (PEMEX)

**November 2023**

## Objectives

The participants will gain a broad vision of the industry's future and the skills required to solve the problems and to navigate successfully into the future.

## Information on the Participants

Professionals of the oil & gas sector in Latin America, who report to the President or Vice President, and who have a high potential to fill hierarchical positions within their organizations.

## Methodology

Presentations, case studies, simulations, and interactive sessions with O&G experts. Designed to prompt the dialogue and critical thinking.

The program is arranged in 3 100% face-to-face modules, consisting of 2 full days of highly interactive classroom activities and 1 day of technical visits to the emblematic facilities in the region.

## Instructors of **S&P Global** Commodity Insights

**Bob Fryklund**  
Vice President and  
Chief Strategist  
Upstream Energy

**Rodrigo Vaz**  
Director, Upstream  
Research

**Felipe Perez**  
Americas Director  
and Strategist  
Midstream &  
Downstream Energy

**Sebastian Borgarello**  
Vice President  
Energy Advisory  
Services

"We received a structured, professional and excellently presented update on the O&G industry, as well as depth in key aspects of the business"

**Ignacio Horvath**  
General Manager, ANCAP

"The most important thing is the network of contacts that we are forming among all the participants. This allows us to share our experiences in order to continue contributing to the development of our region."

**Mauricio Martin**  
Vice President, Digital Technologies and  
Transverse Solutions, YPF

"I learned about parts of the industry that I have not had exposure to, such as downstream and midstream. I also connected with industry professionals and executives."

**Patricio Whitney**  
Vice President, Digitalization & Integration, Americas Land,  
SLB

**59**  
participants  
from  
**13**  
countries

Participating companies:

**Academic Coordination:**

Irene Alfaro  
Managing Director | ARPEL
