REGIONAL ASSOCIATION OF
OIL, GAS AND BIOFUELS SECTOR COMPANIES
IN LATIN AMERICA AND THE CARIBBEAN

Consolidating the sustainable development of the oil and gas industry in Latin America and the Caribbean

About us

We are the only regional oil and gas association in Latin America and the Caribbean

Created in 1965, our members include private and state-owned operators, as well as service providers operating in more than 30 countries in the Region.

We promote

integration, sustainable growth and operational excellence in the industry, through cooperation between our member companies and the creation of robust partnerships with key stakeholders.

We contribute

to the energy transitions process in the context of sustainable development through a collaborative effort of different stakeholders, which addresses the entire value chain: upstream, midstream and downstream, including renewable energy.

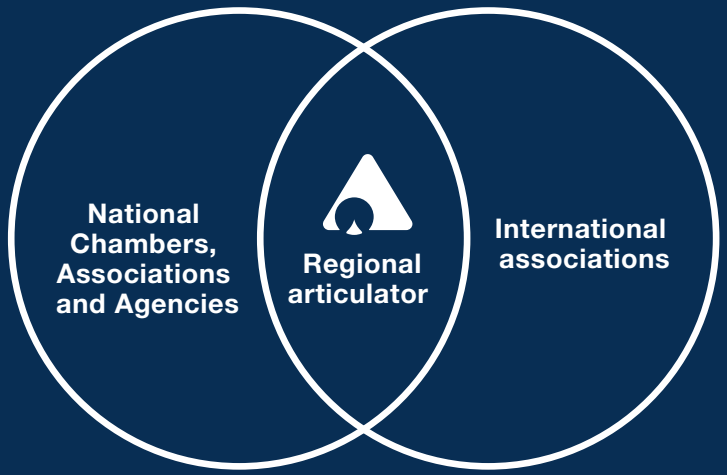
Relationship with stakeholders

Value proposal

We provide a **forum for the exchange of knowledge and experiences on operational** and management issues among our member companies. We provide assistance to our members to solve specific problems through different means, in addition to developing a comprehensive training program tailored to their needs.

Innovarpel
INNOVATION & COLLABORATION PLATFORM



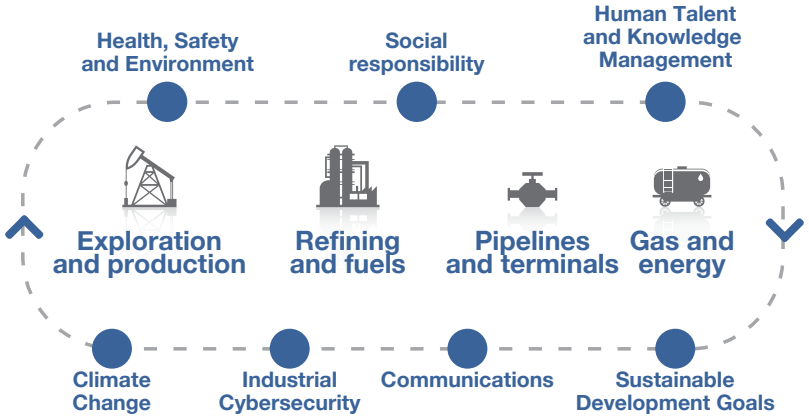
We are the only **regional articulator** between the **international and national industry associations**. We also coordinate a collaborative international network of **specialized** professional and industry **associations**.

We have direct relationship with **governments in the Region** and we are recognized as the only **development organization for the oil and gas industry** in Latin America and the Caribbean. Over the years, we have created a strong collaborative approach with the **Hydrocarbon Agencies.**

We support our members' initiatives in their adaptation to the new business scenario related to **energy transitions.**

How we do it

Working groups formed of professionals from our members



The official languages of the Association are Spanish, English and Portuguese. This facilitates interaction between professionals and expands the outreach of our projects.
