

Association of Oil, Gas and  
Renewable Energy Companies  
of Latin America and the Caribbean

## About us

# ARPEL is the only regional association of oil, gas and renewable energy in Latin America and the Caribbean.

Founded in 1965, our members include private and state-owned operators, as well as service providers operating in more than 30 countries in the Region.

## Vision

To be a regional benchmark in strengthening the industry as a sustainable energy supplier that contributes to the energy transition.

## Mission

To promote the integration, operational excellence and sustainable development of the oil, gas and renewable energy industry in the region, through cooperation among members and collaboration with its main stakeholders.

## Strategic Vectors

**Energy  
transitions**

**Operational  
excellence**

**Sustainable  
management**

**Relationship with  
stakeholders**

## Value proposal

We provide **a forum for the exchange of knowledge and experiences** on operational and management issues among our member companies.

We provide assistance to our members to solve specific problems through different means, in addition to developing a comprehensive training program tailored to their needs.

We are the only **regional articulator** between the **international and national industry associations**. We also coordinate a collaborative international network of **specialized** professional and industry **associations**.

We have direct relationship with **governments in the Region** and we are recognized as the only **development organization for the oil and gas industry** in Latin America and the Caribbean. Over the years, we have created a strong collaborative approach with the **Hydrocarbon Agencies**.

We support our members' initiatives in their adaptation to the new business scenario related to **energy transitions**.
